## ▶ What's New in Pinnacle Studio 21 Ultimate

### New! Morph transitions

Create seamless transitions between clips. Transform a single image, shape or sequence, and make cuts and morph between scenes.

### New! Split Screen video

Show multiple video streams simultaneously. Easily drag and drop to create impressive promotional videos or share the highlights from your latest trip!

### New! Paint effects

Paint the town and transform your next video into a storybook-like motion animation. Add cartoon or watercolor-like stylized effects to your next video!

### New! Wide angle lens correction

Quickly remove distortion from wide angle cameras, straighten the horizon and create pro-like videos.

### New! User interface

Utilize a new user interface that streamlines your workflow and enables quick access to the tools you need and the power and precision you crave.

### New! NewBlue Video Essentials 5

Add emphasis to your video story with selective focus, color, and tint.

### New! Save as template

Fast-track future projects and save your finished projects as templates.

### New! 3D title editor

Add 3D text to your videos with new titling options.

### Enhanced! 360° video editing

Import your 360° footage and start editing! Now with support for all popular 360° spherical video formats.
