Refunds for Goods returned in good condition with seals unbroken will be made as soon as reasonably possible after receipt of the Goods. Business customers do not have the right to cancel an Order.

You must read the eligibility criteria very carefully and check and certify that You satisfy the relevant conditions for the Goods. By placing an Order for those Goods You are promising to Us that You satisfy the relevant eligibility criteria. If You breach this promise then You will not acquire a valid license to use those Goods; in addition You will not be entitled to any refund or to cancel the contract for the purchase of those Goods.
- You are under a duty to ensure that the Goods Ordered from Us will suit Your requirements and that they are compatible with other products or components with which they are to be used.
