SOPHOS
Cybersecurity made simple.

Sophos XG Firewall

The world's best visibility, protection, and response.
Sophos XG Firewall brings a fresh new approach to the way you manage your firewall, respond to threats, and monitor what's happening on your network.

Highlights

‣ Next-generation network protection

‣ Synchronized Security with Security Heartbeat™ and Synchronized App Control

‣ Unified user, application and network control

‣ Lateral Movement Protection

‣ Instant visibility

‣ Powerful management and scalability

‣ Modular connectivity and redundancy options for many appliances

Sophos XG Firewall

Sophos XG Firewall provides comprehensive next-generation firewall protection that exposes hidden risks, blocks unknown threats, and automatically responds to incidents.

Exposes hidden risks

Sophos XG Firewall provides unprecedented visibility into risky activity, suspicious traffic, and advanced threats to help you regain control of your network. You'll love the action-oriented control center and the extensive on-box reporting that's included at no extra charge. No other firewall provides better insights than XG Firewall.

Blocks unknown threats

Sophos XG Firewall provides all the latest advanced technology you need to protect your network from ransomware and advanced threats including top-rated IPS, Advanced Threat Protection, Cloud Sandboxing with Deep Learning, Dual AV, Web and App Control, Email Protection and a full-featured Web Application Firewall. And it's easy to setup and manage.

Automatically responds to incidents

XG Firewall is the only network security solution that is able to fully identify the source of an infection on your network and automatically limit access to other network resources in response. This is made possible with our unique Sophos Security Heartbeat™ that shares telemetry and health status between Sophos endpoints and your firewall, to enable Lateral Movement Protection stopping hacks and attacks from spreading.

Potent, powerful … fast

We've engineered XG Firewall to deliver outstanding performance and security efficiency for the best return on your investment. Our appliances are built using Intel multi-core technology, solid-state drives, and accelerated in-memory content scanning.

Simply manage multiple firewalls

Sophos Central is your ultimate cloud-management platform - for all your Sophos Products. It makes day-to-day setup, monitoring, and management of you XG Firewall easy. It also proivdes helpful features such as alerting, backup management, one-click firmware updates and rapid provisioning of new firewalls.

Sophos XG Series Appliances – at a glance

Our XG Series hardware appliances are purpose-built with the latest multi-core Intel technology, generous RAM provisioning, and solid-state storage. Whether you're protecting a small business or a large datacenter, you're getting industry leading performance, flexible connectivity and the utmost in reliability.

Product Matrix

Model	Revision #	Form Factor	Ports/Slots (Max Ports)	Tech. Specs w-model 802.11 wireless	Swappable Components	Throughput Firewall [Mbps]	VPN [Mbps]	NGFW [Mbps]	AV-proxy [Mbps]
