Multi-Club Access Guide

[virginactive.co.uk](https://www.virginactive.co.uk)

You can get a lot more for your membership at Virgin Active.

There are 95 Virgin Active Health Clubs across the UK, so as well as the club you joined, there might be one near where you work, and other places where your travels take you around the country.

This guide sets out which other Virgin Active Health Clubs you can use, and when. Please check with your club to make sure your membership offers multi-club access.

Towards the back of this guide, you'll find a list of all the facilities at each Virgin Active Health Club to help you plan your workouts wherever you go.

The best way to keep up to date with all the access you get specific to your membership is to have your membership card handy and go online to virginactive.co.uk/access.

Please note: Club groupings may be subject to change. Please always check this guide for the most up to date multi-club access details.

Which clubs can you visit?

Our clubs are organised into Groups. The Group each club sits in depends on things such as the cost of membership and the facilities at that club.

The other clubs you have access to depends on the Group your home club is in and your membership package.

On the following pages the clubs are displayed in their relevant Groups and the multi-club access entitlements for those clubs are explained.

Some visits may require you to pay a member guest fee, but we've created a wide range of options so that you can fully experience everything that's on offer at Virgin Active.

Checklist for your visits.

Before you make a visit to a club other than your home club, it's best to check a couple of things in advance, such as what the policy is on towels, and the opening hours.

It's also worth bearing in mind that you can't make pre-bookings for classes, activities or PT sessions at any club other than your home club. You can, however, book racquet courts at any Racquet Club 48 hours in advance.

If you're planning on making a visit to another club in addition to your one free visit per month, remember to check the price of the relevant member's guest fee at that club.

When you visit another club, make sure you swipe in at the Reception desk, rather than at the turnstile.

Your home club should be the one you use most.

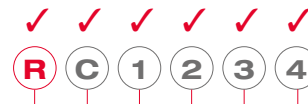

If you are using another club more than your home club, we may ask you to transfer your membership to that club.
