

Autumn 2016

# Education catalogue

[www.pugh.co.uk](http://www.pugh.co.uk)

A large, dark silhouette of a wooden building, possibly a school or a community center, stands against a bright orange sunset sky. The sun is low on the horizon, casting a long, shimmering reflection on the calm sea. The building has a gabled roof and a small window visible on its side. The overall mood is serene and contemplative.

**SOFTWARE LICENSING & SOLUTIONS**

## DIGITAL CONTENT

### Shoot Video

**Create compelling digital content** with your iPad and **Padcaster**. Shoot, edit and upload video on the fly. With Padcaster's robust functional frame encasing your iPad and the optional tripod to eliminate camera shake you have professional quality output in minutes.

Other options include lens, microphone and green screen to transform your standard video shoot into something amazing with special effects and landscapes

Whether a sporting event, concert, play, graduation ceremony, live streaming, journalism club, classroom instruction – Padcaster can film them all.

### Edit Video and Apply Effects

**Create visually stunning videos** for any type of media in brilliant colour for film, TV, and web with **Adobe Premiere Pro** timeline based video editing software. Premiere Pro, available as standalone or as part of the Adobe Creative Cloud suite that includes graphic design, and web development tools.

**Higher Education:** Adobe VIP subscriptions give your faculty, staff and students access to Creative Cloud software downloaded to your desktop, with a choice of named user or device licence with no minimum purchase requirement.

**Schools:** K12 school packs are a low cost single licence purchase for Adobe Creative Cloud products. Available as 100 pack and above device licence and allows home use rights for staff.

**Also available – Bespoke training courses for CC with our expert partner.**

### Audio and Music

**Create compelling soundtracks** to accompany your video with **Microsoft Surface Pro Tablet** and pen input device. Using best of breed software tools and accessories, editing recorded audio or composing a piece of music is limited only by your imagination.

**Sibelius 8:** the fastest, smartest, easiest way to write music create beautiful, captivating scores more quickly than ever before with the world's best-selling notation software.

**NEW Avid Pro Tools 12.6:** digital audio workstation for Microsoft Windows and OS X.

**Andrea Headsets:** high quality, reliable and comfortable headsets, ideal for music, eLearning creation or dictation.

**Surface Pro Education Bundle:** Educational institutions qualify for a **10% discount** when purchasing Surface devices, Pen and Keyboard as a bundle.

Announcing

## **NEW Veeam Availability Suite 9.5**

## E-LEARNING CONTENT

### Plan

**NEW! Mindjet MindManager 2017** makes it easy to brainstorm and organise your ideas with an easy to use virtual whiteboard.

MindManager will help you identify and create a visual map of the learning sequence and support materials which you can work on and share with other colleagues to develop an effective approach.

### Create Content

**TechSmith Snagit 13** to create "how to" videos. Its NEW extended panoramic screen capture will help you to capture and create powerful graphics, animated gifs and teaching demonstrations by recording processes and commentary live on screen

**NEW! TechSmith Camtasia**, you can edit, annotate and add other content to create compelling e-learning with built in interactive links and learner quizzes. Easy integration with Microsoft PowerPoint, allows you re-use your existing materials to create new e-learning content.

With **Articulate Studio** rapidly create online courses in PowerPoint. Easily build courses, quizzes, and other e-learning content with a tool you already know. Build a more immersive, engaging learner experience with video and simulations in **Articulate Storyline 2**.

With **Adobe Captivate 9** you can create courses that run seamlessly across desktops and mobile. Go seamlessly from storyboarding to responsive eLearning design. Import PowerPoint slides into eLearning projects, add interactive elements, dip into the exclusive 50,000+ asset store or use assets from Adobe Stock to enrich your content.

### Gaming Content

**NEW Microsoft Minecraft Education Edition** an open world game that promotes creativity, collaboration, and problem solving for your students within an immersive environment where the only limit is your imagination.

Specifically designed for education it contains features that make Minecraft, already familiar to many students, more accessible and effective in a classroom setting.

Educator Professional Development courses for Minecraft are now available through Microsoft Imagine.

**NEW Minecraft Education Edition** now available in EES on a per user or per organisation annual subscription.

**We can help you meet your varied eLearning needs with a wide range of tools from market leaders to create compelling eLearning content.**

# Microsoft E5 Plan

## ...realise the full potential of Office 365 2016

Microsoft E5 Plan delivers advanced communication, productivity and security features to extend and enhance your office 365 platform, including:

- **PSTN Conferencing:** dial-in to conference calls from any device
- **Cloud PBX:** make, receive and transfer calls at home, in work or on the road
- **Power BI Pro:** create your own dashboards and analyse your data in detail
- **Advanced Threat Protection:** security against unknown malware and viruses
- **PSTN Consumption based billing:** pay monthly for your calls
- **And More...**

### Office 365 Services

Our expert partner, BFC Networks, offers workshops and custom deployments of office 365 Education for schools, helping you get the setup and solution that you want, no matter the requirement:

- **Cloudclassroom:** assign work to students in your class - monitor progress
- **Parent365:** allows Office 365 content to be made available to parents
- **OneDrive Config:** allows teachers to access student data on their one drive

# INFRASTRUCTURE SOLUTIONS

## On-Premise

The cloud places new demands on organisations to balance traditional IT with cloud technology. Windows Server 2016 and System Center 2016 are cloud ready solutions to help with these issues.

**NEW Windows Server 2016:** gives new capabilities to detect and prevent suspicious activity, control privileged access, protect Virtual machines, Nano Server deployment, software defined storage, Windows Server Containers and key networking technologies used in Azure datacentres.

**NEW System Center Server 2016:** including Configuration Manager, Virtual Machine Manager, Operations Manager, Data Protection Manager, Orchestrator and Service Manager, provide added support for Linux, Hyper-V and VMware, and along with **Operations Management Suite** enables the management of both on-premises and cloud workloads.

**NEW Core + CAL Licensing Model for both Windows and System Center Server 2016**

## Cloud Platform

**Microsoft Azure** enterprise cloud platform makes it easier and faster to spin up a server within minutes. Whether you are looking to create VMs for test and development, to take some of the strain off your existing hardware, or you need to crunch some large data for a research project Azure provides a secure scalable infrastructure that meets your need.

With its 99.99% service reliability rating you can sleep well at night knowing that your user needs are looked after 24/7.

An upfront commitment of Azure Monetary consumption worth £36k entitles you to a 60TB **StorSimple** hybrid storage device.

**Why not try out Azure for as little as £733 from the newly opened Microsoft UK datacenters**

## Cloud Telephony

With today's cloud based telephony, not only can you reduce your telephone costs but you can also leverage the latest technology for new activities such as live collaborative teaching events across multiple locations, not to mention parent marketing activities such as virtual open days.

Replace your existing telephony system with a Cloud PBX. Giving telephony access from anywhere for teachers from their PC, laptop, mobile device as well as a traditional telephone handset.

The cloud PBX is part of the **Microsoft Office 365 E5** plan which also provides advanced security, productivity and reporting.

**NEW Skype for Business user based telephone call plans now available for education.**

Our expert partners can assist with any projects you have planned from on premises to cloud services.

# SOPHOS

Security made simple.

No servers. No headaches. No malware.

The unified console for managing your Sophos products.

Sophos Central allows you to manage the award-winning Synchronized Security platform. Advanced attacks are more coordinated than ever before. Now, your defences are too.

Network and endpoint protection, centrally managed and communicating together. For stronger, simpler security.

Find out more today - call 01974 200 201

## LAYERED SECURITY

### SOPHOS

#### Want safety for your data, students and staff then take a layered approach to your security?

**Sophos Central**, provides an unified cloud-based management console for managing your Sophos products. **Sophos Cloud EndPoint** anti-virus protection, and **Sophos XG Firewall** managed from the cloud console delivers Synchronised Security and control.

For added security combine **Sophos Web** and **NEW Sophos Email** gateways and **NEW Sophos Wireless** network management, all managed from within the **Sophos Central** cloud console.

For added layers of security add Intercept X designed to augment your existing endpoint security or antivirus software, giving you next-generation anti-exploit, anti-ransomware, root cause analysis, and advanced system cleaning technology.

### SOPHOS

#### Encrypt your data, wherever it goes

For complete data protection **Sophos SafeGuard Enterprise** provides protection across multiple platforms and devices, all managed from **Sophos Central**. It includes:

**SafeGuard Disk Encryption** to secure your entire disk drive with full disk encryption.

**SafeGuard File Encryption** to protect your files whether they are local, on your network or in the cloud without slowing you down.

Being part of the Sophos Synchronised Security ecosystem added protection is provided by removing encryption keys if antivirus or the firewall detects that the system is compromised.

#### Offsite Backups for peace of mind

Keeping an offsite backup of your critical data is as important as ever to protect against advanced threats such as RansomWare, where backup may be your only option for recovering your data.

Combine the power of **NEW Veeam Availability Suite 9.5** fully integrated back-up, replication, disaster recovery and management solution with **Microsoft's Azure** scalable, online cloud infrastructure to replicate your servers to the cloud.

**Why not try out Azure for as little as £733 from the newly opened UK datacenters**

**In partnership with our Sophos Solutions expert we offer IT security consultancy, assessments, solution implementation, managed services and training.**

## ABBYY

Impero	Price
Impero Education Pro	Call

Other impero products: remotemanager, YouID and learningmanager available. Please call sales on 01974 200 201 for more info.

### What Impero Education Pro can do...

#### Classroom Management

Broadcast tutor's screen to all or selected students  
Broadcast student's screen to others  
Block websites, folders, apps and hardware

#### Computer Usage Monitoring

View live thumbnails of all network computers  
Assign user role and access rights by individual/group  
Restrict internet, app and hardware usage

#### E-Safety

Prevent access to unsuitable sites  
Prevent unauthorised use of proxy sites  
Enforce acceptable usage policy

#### Desktop Utilisation

Report on the utilisation of devices across the network  
Identify usage hotspots and resource accordingly  
Track who's doing what and where

#### Inventory Management

Produce detailed hardware and software reports for auditing  
Match serial numbers to equipment without manual checking  
Auto-update changes to inventory in real time

#### Power Management

Schedule power on/off  
Set rules for hibernation, standby and shutdown  
Monitor and report usage and idle time

#### Licence Management

Add applications at an organisation level  
Add the number of licences purchased  
Set up alerts or restrictions to licencing violations

#### Remote Control and Support

Request assistance or help over the network  
Deliver demonstrations and presentations remotely  
View screens remotely to check on productivity

## Cloud Platform for the Modern Business

Microsoft Azure - cloud platform - provides on-demand infrastructure that scales and adapts to your changing IT needs - build infrastructure, develop modern applications, gain insights from data, and manage identity access.

### What can you do with Azure?

#### Virtual Machines

Provision Windows & Linux VMs & Apps in minutes

#### Storage & Backup

Simple, reliable server backup, scalable cloud storage

#### Identity & Access Management

Single sign-on across Azure, O365 & other SaaS apps

#### Site Recovery

Replicate entire site to - and recover in - Azure

#### Media Services

Encode, store, & stream video and audio at scale

#### Data & Analytics

Managed SQL data services, built-in data insight support

### Solutions

Pugh in partnership with accredited Microsoft Azure specialists can offer a complete solution to seamlessly transition to the Microsoft Azure platform, including; consultancy, design, development, licensing advice, implementation, migration, training and support.

Upcoming hardware refresh? Looking to test infrastructure-as-a-service?

**Call 01974 200 201 today to discuss Microsoft Azure!**

## MICROSOFT - MOBILITY

### ENTERPRISE MOBILITY + SECURITY (EMS)

...comprehensive solution for your enterprise mobility suite

Address consumerisation of IT, BYOD and SaaS challenges with Microsoft EMS - the most cost-effective way to acquire Microsoft Azure Active Directory Premium, Windows Intune and Microsoft Azure Rights Management.

### What is Microsoft EMS?

Hybrid identity Management Azure AD Premium	Mobile Device Management Windows Intune	Information Protection Azure Rights Management	Information Protection Azure Rights Management
<ul style="list-style-type: none"> <li>Self-service password reset for your staff/students, to reduce helpdesk calls</li> <li>Multi-factor authentication options for greater security</li> <li>Group-based provisioning and single sign on for over 1000 SaaS apps</li> <li>Machine learning-driven security reports for visibility and threat management</li> <li>Robust sync capabilities across cloud and on-premises directories</li> </ul>	<ul style="list-style-type: none"> <li>Mobile application management across devices</li> <li>Broad device support for Windows, Windows Phone, Apple iOS and Android devices</li> <li>Selective wipe of apps and data for greater security</li> </ul>	<ul style="list-style-type: none"> <li>Information protection from the cloud or in a hybrid model with your existing on-premises infrastructure</li> <li>Integration into your native applications with an easy-to-use Software Developer Kit (SDK)</li> </ul>	<ul style="list-style-type: none"> <li>Behavioural analytics uncovers suspicious activities and abnormal behaviour, leveraging Machine Learning</li> <li>Detects known malicious attacks almost instantly</li> <li>Known security issues and risks are detected using world-class security researchers' work and alerts raised</li> </ul>

### Microsoft EMS and Microsoft System Center

Microsoft System Center manages the servers and desktops inside your on-premise network. With the rise of consumerised IT, Bring Your Own Devices (BYOD) and Software as a Service (SaaS), managing the use of mobile devices outside of the network is increasingly challenging. Microsoft EMS provides the technology and cloud services to do this.

### Microsoft EMS - Benefits

- Hosted by Azure - Microsoft's cloud platform - saving on the capital expenditure required for new hardware or a hardware refresh
- Runs on Windows Intune - the cloud equivalent of System Center - with the identity/mobile device management and information protection tools you need
- Adapt EMS to an increase or decrease of mobile device users - add or reduce storage, servers and Virtual Machines as they are needed - pay only for what you use
- Mobile devices users can access apps and files virtually anywhere - via a web browser - all secured safely in the cloud
- Option to manage directly by Windows Intune or through on-premise System Center

Pricing is for information and does not constitute an offer - E&OE.

All prices are ex VAT.

## SMART TECHNOLOGIES

### SMART LEARNING SUITE

...users and devices all connect for enriching learning experiences

SMART Learning Suite is now included as standard with all SMART Board purchases and features SMART Notebook, SMART amp and SMART Lesson Activity Builder - combining desktop-based features with cloud-based flexibility to provide a fully collaborative teaching and learning environment.

#### SMART Learning Suite:

- **SMART Notebook**  
Education software that's created and refined based on feedback from educators. It provides a wealth of intuitive, easy to use tools and features to drive exceptional lessons using the front of class display, whilst increasing student engagement and attainment.
- **SMART amp**  
Cloud-based solution, accessible anytime via an interactive display or student device. Offers teachers classroom management, assessment capabilities and the ability to co-create, share and collaborate with students within an interactive workspace.
- **SMART Lesson Activity Builder**  
The greatest gift that can be given to teachers is time. For students, it's more fun, engaging activities. The Lesson Activity Builder does both by letting teachers captivate students for hours with learning activities they create in 5 minutes.

### SMART BOARD INTERACTIVE FLAT PANEL

...the smart board, reinvented

SMART Board 4000 and 6000 series are interactive flat panels, built with the best in touch and collaboration technology. Multi-touch capabilities. Durable and built to withstand any classroom environment. Silktouch and SMART ink combine to offer a natural and responsive learning experience.

#### SMART Board 6000 Series - Key Features:

- **SMART kapp iQ enabled**  
Traditional whiteboard simplicity plus the ability of real-time multi-way inking from any student device - anyone can contribute ideas, solves problems, capture notes and more
- **Silktouch technology**  
Accurate, natural and responsive touch experience from corner to corner - glide effortlessly
- **Pen iQ**  
Using different coloured ink two students can write independently - free from interruption
- **SMART ink technology**  
Write naturally, with a pen or finger, in realistic digital ink - improved legibility
- **4K Ultra HD resolution**  
Durable, commercial-grade, glare free LED display - crisp content clarity and readability

## SOPHOS XG NEXT-GEN FIREWALL

...ultimate network security package

Enterprise-grade security in a single solution. Sophos Unified Threat Management (UTM) delivers essential network firewall protection for your network, web, email, applications and users.

### How to deploy

- **XG Series** - purpose built hardware appliances with the latest UTM technology and performance
- **Software and Virtual** - install on to your own in-house server or your preferred virtual environment
- **Cloud** - deploy your UTM in Amazon Web Services, as a subscription or pay-as-you-go

### How to license

#### Essential Firewall + Optional Modules:

- **Network Protection**  
Stops sophisticated attacks that a firewall alone can't stop
- **Email Protection**  
Stops spam and viruses and keeps sensitive data safe
- **Web Protection**  
Lets you protect your employees from web threats and control their time online
- **Webserver Protection**  
Hardens web servers and apps ensuring compliance with a web application firewall

### Add-ons also available

- **Sophos RED (see below)**
- **WiFi Access Points**
- **Sophos iView**

#### Securely connect your sites or campuses without local setup

Sophos Remote Ethernet Device (RED) is a easy and affordable way to secure your branch offices (e.g. school sites, university campuses, student halls, etc).

- Automatically distribute Sophos RED configuration to your branch offices from your headquarters
- Forwarding all traffic to the central Sophos UTM appliance provides complete security - even for the smallest branch office
- Slash the total cost of ownership by 80% with no need for technical training or ongoing maintenance at the remote site

## SYMANTEC.CLOUD

...making the complex simple

Symantec.cloud Services (formerly Symantec Hosted Services MessageLabs) provide essential protection while virtually eliminating the need to manage hardware and software on site.

### SECURITY

Symantec.cloud services secure and manage information stored on endpoints and exchanged through email, Web and IM interactions.

#### Email Security.cloud

Always-on, inbound and outbound email security, with protection against targeted attacks, spear phishing, advanced malware, spam and bulk mail. Includes:

- **Data loss prevention technology**
- **Email encryption**

#### Web Security.cloud

Safeguards your business against web-borne malware and web misuse, by scanning web requests in real time. Skeptic heuristic analysis detects emerging and zero day threats. Includes:

- **Fully customisable policy creation / Data protection policy**
- **Security support for roaming or remote users**

### EMAIL MANAGEMENT

Managing email infrastructure has become increasingly complex and costly, requiring significant resource investment and expertise. Symantec.cloud offers solutions.

#### Enterprise Vault.cloud

A cloud-based archiving service that helps organisations better store, manage and discover business-critical information. Includes:

- **Quick and easy service deploy**
- **Unlimited storage and retention**

#### Email Continuity.cloud

Email Continuity.cloud provides an affordable standby email system that activates in minutes, providing virtually uninterrupted use of email in the event of a mail server outage. Includes:

- **Always-on data synchronisation**
- **Rapid restoration of email following an outage**

# SYMANTEC

## PROTECTION SUITE ENTERPRISE EDITION

### ...endpoints and messaging environments protection

Symantec Protection Suite Enterprise Edition creates a protected endpoint and messaging environment that is secure against today's complex malware, data loss and spam threats, and is quickly recoverable in the event of failure.

Symantec Antivirus & Client Security	L + BS*	L + ES*
Endpoint Protection 12.1	£ 10.97	£ 11.52
Mail Security 7.5 for MS Exchange Antivirus	£ 7.82	£ 8.29

## SYMANTEC MOBILITY: SUITE

...integrated mobile management for secure productivity

Mobility Suite simplifies mobility management - integrating mobile device management (MDM), mobile application management (MAM), mobile content management (MCM) and mobile threat protection into one comprehensive, single console solution. Master security and maximise productivity for BYOD.

Symantec Mobility: Suite 5.0 - Now Available!

This latest release features an integrated, modular solution on a singular platform with the flexibility to license the Suite or the Individual Modules.

Symantec App Center, Mobile Management Suite, Mobile Management and Mobile Security have been discontinued with a migration path to the new Suite and individual modules. See below.

Discontinued	New Products
<ul style="list-style-type: none"> <li>• Mobile Management Suite</li> <li>• App Center Enterprise Edition</li> </ul>	<b>Symantec Mobility: Suite</b> Simplify mobility management. Integrate mobile device management (MDM), mobile application management (MAM), mobile content management (MCM), and mobile threat protection into one single console solution.
<ul style="list-style-type: none"> <li>• Mobile Management</li> <li>• Mobile Management for SCCM</li> <li>• App Center Basic Edition</li> </ul>	<b>Symantec Mobility: Device Management</b>
<ul style="list-style-type: none"> <li>• App Center Standard Edition</li> </ul>	<b>Symantec Mobility: Application Management</b>
<ul style="list-style-type: none"> <li>• Mobile Security</li> </ul>	<b>Symantec Mobility: Threat Protection Powered by Norton</b>

### Mobility: Suite 5.0

#### Mobile Device Management (MDM)

Provides visibility and control over iOS, Android and Windows smartphones and tablets. Enroll devices in your enterprise environment, configure and update device settings and protect them with certificate-based security.

#### Mobile Application Management (MAM)

Layered security and policy management around mobile apps, without any sourcecode changes or SDK embedding. Comprehensive per-app policies for connectivity, authentication, encryption, data access and data sharing.

#### Threat Protection

Powerful, effective protection against malicious threats and unauthorized access to sensitive information. Protects Android devices from privacy and performance risks, mobile malware and fraudulent websites.

**Call 01974 200 201 today for licensing advice & pricing**

All prices are ex VAT.

Pricing is for information and does not constitute an offer - E&OE.

## ENDPOINT ENCRYPTION / PGP

...protect sensitive data on your endpoints

Powered by PGP Technology, Symantec's Endpoint Encryption solution provides organisations with full-disk encryption for data on desktops, laptops and removable media - ensuring you meet the various regulatory and compliance mandates around data security.

Symantec Endpoint Encryption	L + BS*	L + ES*
Desktop Email Encryption	£ 72.19	£ 75.80
Endpoint Encryption	£ 27.38	£ 28.74
File Share Encryption	£ 72.19	£ 75.80
Gateway Email Encryption	£ 16.10	£ 16.91

\* L + BS = License plus Basic Support (12x5). L + ES = License plus Essential Support (24x7). Price per device.

## GHOST SOLUTION SUITE 3.1

...for imaging and deploying desktops, laptops, tablets and servers

Ghost Solution Suite includes the Deployment Solution console and its core capabilities for operating system deployment, migration and cross-platform management. Combined with key functionalities like Ghost Cast Server and DeployAnywhere, Ghost Solution Suite accelerates and simplifies imaging and deployment.

Ghost Solution Suite 3.1*	L + BS**	L + ES**

### ...software licensing and solutions

With over 35 years experience in serving the education and voluntary sectors, we're able to advise on and source a wide-range of software not included in this catalogue.

Examples below - **Call 01974 200 201 for other software and service vendors:**

- Articulate
- Boinx Software
- Checkpoint
- Design Science
- IBM
- I.R.I.S
- Kerio
- LanSchool
- MAXQDA
- Movie Magic
- Reallusion
- Rhino 3D
- Smith Micro
- Stop Motion Pro
- WebTrends

Our dedicated sales team have in-depth knowledge of complex licensing options to advise and build the right cost-effective solution for your establishment.

Pricing is for information and does not constitute an offer - E&OE.

All prices are ex VAT.

# Conditions of Sale

## Condition of Sale

### 1. Who We are, who You are and Other Definitions used in these Terms and Conditions

In these terms and conditions:

"We, Our or Us" means Plug Computers Limited. Company number 2665655, registered in England and Wales. Registered office: Denver House, Llanon, Aberystwyth, Ceredigion, SY23 5LP. VAT number GB341 9298 40;

"You or Your" means the person, firm or company purchasing the Goods. If You are buying the Goods for Your own personal use and not as part of a business, you are a consumer. For consumers, specific terms and conditions apply as set out in clause 8 below;

"The Goods" means the software, Goods or other items which shall be the subject of a contract between You and Us;

"The Price" means the Price included in Your invoice or in respect of Business Charge Cards the amount required by Us for the Order;

"Order" means the Order form in relation to the Goods to be purchased by You, either set out in Your purchase order or created through Our web site, or by e-mail, fax or on the telephone. Each Order shall be construed as an offer to purchase those Goods by You;

"Quotation" shall mean a Quotation from Us in relation to specific Goods. Prices included in Quotations, Our price lists, e-mails, faxes, telephone calls, order acknowledgements or imputed verbally and/or are from Our web site are indicative only and are subject to change by us at any time. The Price You pay will be as set out in the invoice sent to You by Us in respect of the relevant Order, or in respect of Business Charge Cards the amount required by Us for the Order.

### 2. Acceptance of Orders and Creation of Contracts

a. These Terms and conditions apply to all Goods provided to You by Us. When you place an Order for Goods You make an offer to purchase the Goods described in Your Order ("Offer"). b. Our acceptance of Your Offer occurs when we dispatch the Goods and raise an Invoice for the Goods. Your Offer may not be accepted by Us. No contract is created or binding on Us unless and until We accept Your Offer and raise the relevant Invoice. If we do not accept Your Offer, then our acceptance will occur when we process the transaction to accept the funds for the Order from the Business Charge Card; in this instance, a tangible invoice may not be created for the Order by Us. Invoices may be sent electronically including by pdf attachment.

c. If You have standard terms and conditions then they are not applicable to any contract with Us. No variation to these terms and conditions are binding on Us unless expressly included in Our Invoice.

d. We will keep copies of all contracts for a reasonable time. These may be available from Us on request, on payment of reasonable administration, copying charges and postage.

### 3. Data Protection

All data, information and documentation relating to You may be used by Us and Our suppliers as described in Our web site's Legal Notices and terms and conditions and You consent to its use by either Us or Our suppliers.

### 4. Price and Payment

a. The Price to be paid shall be as set out in Our Invoice, or in respect of Business Charge Cards the amount required by Us for the Order. Prices exclude inspection, delivery, installation, training and/or support service charges unless separately identified in the Invoice.

b. Payment for all Goods purchased by non-credit account holders shall be made prior to delivery. Payment shall not be deemed to have been made until cleared funds are received in Our bank.

c. For credit account holders, unless otherwise agreed in writing, and providing You are within Your credit account limits, payment for Goods supplied are strictly net cash 30 days from the date of Invoice. We may collect payments by Direct Debit where this facility is agreed. We may at any time or on after acceptance by notice in writing to You vary the terms of payment by demanding immediate payment or, at Our option, adequate security for sums due.

d. Time for payment shall be of the essence. We reserve the right to charge interest at 4 per cent above National Westminster Bank plc base lending rate from the time being in force on Invoices (or where payment is by Business Charge Cards as agreed with You) overdue for payment.

e. If any payment shall not be paid on its due date or if Your credit limit is exceeded We will be entitled to suspend all further deliveries until such payment is received. The right to suspend deliveries under this paragraph shall be in addition to any other remedies to which We are entitled.

f. All Prices are exclusive of any applicable VAT, for which the Customer shall be additionally liable. For consumers this shall be separately identified in Our Invoice.

g. All payments must be made by You in the currency included in Our Invoice (or where payment is by Business Charge Cards as agreed with You) by cleared cheque, credit or debit card or transfer to such bank account as We may from time to time notify in writing to You. Payments are not deemed to be made until cleared funds are received into Our bank account.

h. You are not entitled to withhold payment of the Price or to claim set off against any payments due to the Company

### 5. Delivery

a. We will deliver the Goods to the delivery address stated in Our Invoice (or, where payment is by Business Charge Card, as agreed with You). We shall only be required to deliver to the reception on the ground floor. You must ensure that a responsible person is available for accepting delivery of the Goods. Where there is no-one to accept delivery of the Goods from a courier then the courier will leave a notice that they have tried to deliver to the address and You will be responsible for

arranging delivery from the courier. Any additional charges for failed deliveries shall be Your responsibility to settle with the courier and/or Us.

b. Times and dates for delivery are estimates only.

c. Once Goods have been delivered to the delivery address Goods are at Your own risk and We will not be liable for their loss or destruction.

### 6. Acceptance

a. If the Goods delivered are not what You Ordered or are damaged or defective in any way or the delivery is of an incorrect quantity then You must notify Us of the problem by telephone email or fax immediately and confirm this in writing within 3 working days of the delivery in question. After 3 working days from delivery unless You have notified us in writing to the contrary, You shall be deemed to have accepted the Goods. Where You are buying in the capacity of a consumer Your statutory rights are not affected.

### 7. Title and Risk

a. Title of the Goods shall not pass from Us until We have received full payment for them. Upon receipt of full cleared payment, title to the Goods shall automatically pass to You. Where Goods are software, title to the software remains vested in the copyright owner and You do not own the title to the copyright material, instead You purchase a license. You do not obtain a license to use the software until payment is received in full by Us. The terms of the relevant license are described in clause 8 below.

b. The risk in any Goods supplied by Us shall pass to You on delivery and You should insure accordingly.

c. In the event of You entering into Liquidation or having a Winding Up Order made against You or Your entering into any composition with Your creditors, or a Receiver, Receiver and Manager or Administrative Receiver being appointed over Your assets or income or any part thereof, or in the event of You being an individual or individuals You committing any Act of Bankruptcy, or having any Bankruptcy Petition presented against You, or if You have failed to pay for any Goods on due date, We may in addition to Our other rights rescind without notice any outstanding and unexecuted contracts and We may by Our duly appointed representatives enter Your premises and recover all Goods in respect of which title shall not have passed to You.

d. Until any property in the Goods has passed to You such Goods shall be held by You as bailee for Us.

e. In the event of You reselling or otherwise disposing of the Goods or any part thereof before property has passed to them, You will, until payment in full to Us of the Price of the Goods, hold in trust for Us all rights under any such contract of sale or other contract in pursuance of which the Goods or any part thereof are disposed of, or any contract by which property comprising the said Goods or any part thereof is or is to be disposed of and any monies or other consideration received by them, and such proceeds are to be used first in discharge of any outstanding indebtedness to Us. Further if You have not received the proceeds of any such sale You will if called upon to do so by Us, upon demand, assign to Us all rights against the person or persons to whom Our Goods have been sold.

### 8. Cancellation, Your Rights and Additional Obligations

a. If You are a consumer then You have a right to cancel Your Order within 7 working days of delivery of the Order by Us. Any cancellation must be notified to Us in writing. You shall be entitled to obtain a refund of the price paid providing You return the Goods as soon as reasonably possible, in good saleable condition in their original packing materials with seals unopened, to Our address as described above. The cost of the return will be payable by You. You must obtain proof of delivery for any returns to Us. Refunds for Goods returned in good condition with seals unbroken will be made as soon as reasonably possible after receipt of the Goods. Business customers do not have the right to cancel an Order.

b. Certain Goods have 'eligibility criteria' that must be satisfied so that You can use the Goods in accordance with their license terms. You must read the eligibility criteria very carefully and check and certify that You satisfy the relevant conditions for the Goods. By placing an Order for those Goods You are promising to Us that You satisfy the relevant eligibility criteria. If You breach this promise then You will not acquire a valid license to use those Goods; in addition You will not be entitled to any refund or to cancel the contract for the purchase of those Goods.

d. You are under a duty to ensure that the Goods Ordered from Us meet Your requirements and that they are compatible with other products or components with which they are to be used. e. You may be required to provide to Us details of users of Goods. You must supply these details on request and We reserve the right to audit Your records and usage to ensure compliance with all Your obligations under a contract.

f. If we set up and account for You then it is Your duty to keep the account details and passwords secure and to control the use of the account by only authorised persons. You must notify Us in writing immediately if any personnel are no-longer authorised to use an account or if any security features or passwords are compromised. All contracts created before any such written notice is received shall be binding on You. g. If You have any questions about cancellation, licensing, audit, use of Digital Rights Management (DRM) or eligibility You should contact Us before You place Your Order.

### 9. Licensing

a. If the Goods You are purchasing include software then the Goods are sold subject to the license terms and conditions of the manufacturer or copyright owner. You must notify Us of the Goods concerned and/or carrying out certain other actions such as clicking on click wrap terms or opening the packaging or loading the software onto your device. You must accept the terms. If You do not wish to accept the license and manufacturer or copyright owners terms and conditions then You should not place an Order for those Goods with Us or, if You are a consumer, You should exercise Your cancellation right as described in 8a) above. You must comply with the license terms and conditions when using the Goods. Breach of these license terms may prevent You from being permitted to use the software concerned. Some license terms include audit rights for the manufacturer or copyright owner. Some software contains DRM materials that physically restrict Your use of the Goods. We do not have any ability to agree that any software can be placed in

escrow or that any source code will be made available to You.

### 10. Our Right to Cancel

a. We may cancel any contract between Us and You if We have insufficient stock to deliver the Goods that You have Ordered, or if We do not deliver to Your area, or where there has been a typographical or other error in the pricing information or description or if We cannot deliver due to reasons outside Our reasonable control. If We decide to cancel a contract then We will notify You by e-mail, letter, fax or telephone and we'll credit Your account any sums paid to Us as soon as reasonably possible. We will not be obliged to pay any compensation for losses or disappointment suffered or incurred by You as a result of such cancellation.

### 11. Warranty and Exclusions.

a. We are a reseller of Goods and do not warrant the Goods ourselves. Instead We will pass through to You the benefit of any warranty from the manufacturer or copyright owner that is still in effect for the Goods that You purchase. Such warranty is offered by Us subject to the terms and conditions and limitations of the relevant warranty from the manufacturer or copyright owner. In the event that You should have a warranty claim that is within the relevant warranty terms for Your Goods then You should kindly contact Us so that it may be the first point of contact for warranty service for You.

b. The above warranty is in lieu of all implied and express warranties, conditions and/or representations which are excluded to the fullest extent possible. Save in respect of claims for death or personal injury arising from Our negligence, in no event will We be liable for any damages arising from lost profits, loss of anticipated savings, nor for any damages that are an indirect or secondary consequence of any act or omission of Us whether such damages were foreseeable or actually foreseen. c. Your Statutory Rights as a consumer are not affected.

### 12. Limitation of Liability

IMPORTANT PLEASE READ THIS CLAUSE CAREFULLY Because the potential losses which You might suffer as a result of any breach of contract by Us are more readily ascertainable by You and because such losses could be wholly disproportionate to the contract Price and to enable Us to keep the contract Price as low as reasonably possible, You agree that We limit our liability in accordance with the following provisions.

a. We shall not be liable for any consequential or indirect loss suffered by You including without limitation, loss of profits, loss of anticipated savings, loss of use of Goods, damage to Your property or personal injury that is not attributable to Our negligence, whether this loss arises from breach of contract, implied duty in contract or tort or in any other way (including loss arising from Our negligence).

b. Our total liability shall not exceed the value of the Goods as set out in Our Invoice for the Goods that are the subject of the claim (or where payment is by Business Charge Cards the Price as agreed with You). After accepting liability in respect of Goods We shall have the option of refunding the relevant Goods' Price to the Buyer or of replacing the Goods in question within a reasonable time and any replacement Goods shall be accepted by the Buyer in substitution for any rights in respect of the replaced Goods.

c. We do not limit Our liability for death or personal injury caused by Our negligence.

d. We do not limit or exclude Our liability for Our fraudulent misrepresentation.

e. Your Statutory Rights as a consumer are not affected.

### 13. Termination

a. In addition to all other remedies We may have against You for breach of contract, We may terminate any contract with You upon written notice delivered to You and may suspend delivery or service in the whole or part and may take repossession of Goods and demand any security payment on account as We may require if:-

i) Any amount due to Us is outstanding in excess of agreed credit terms;

ii) You do not comply with the terms of any contract or with any precondition demanded by Us;

iii) You fail to take delivery of Goods from Us;

iv) You are bankrupt or insolvent or You enter into any composition with Your creditors or if You are the subject of a winding up resolution or petition or receive notice of intended bankruptcy proceedings or fail to provide satisfactory credit references to Us if required to do so;

b. The right to suspend also specifically applies to the right to suspend services such as support to Goods sold to the Buyer.

c. Upon the happening of any of the above-mentioned events We shall be entitled to a lien upon any of Your Goods in Our possession.

### 14. Miscellaneous

Notices should be sent to Us at the address set out above. We will send notices to You at Your address or at our option the delivery address where this is different. We may send notices to You electronically or by fax where You provide an e-mail address or fax number.

We shall have no liability for failing to deliver any Goods that You may have Ordered or for any delay in doing so if the failure is caused by any event or circumstance beyond Our reasonable control including, without limitation, strikes, lock-outs or any other industrial disputes, non-availability of supplies, flood, fire, explosion or accident, or sudden hikes in exchange rates or the purchase price of Goods.

These terms and conditions, together with Our current Prices, Invoice, your delivery details, contact details and Our web site's Legal Notices and terms and conditions and the manufacturers or copyright owners terms and conditions, set out the whole of our agreement relating to the supply of Goods to you. Nothing said by any sales person or representative or included as a general description in a web site, catalogue or brochure should be understood as a variation of these terms and conditions or as a representation about the nature or quality of any Goods offered for sale by Us. Save for fraud or fraudulent misrepresentation by Us, we shall have no liability for any such representation being untrue or misleading.

If We accept Your Offer and a dispute between the parties arises, the laws of England and Wales and its Courts shall have exclusive jurisdiction to determine such disputes.

## Pugh 35th Anniversary Summer BBQ

Pugh team, friends and family celebrating our 35th Anniversary with a BBQ and Beer Tasting at Penlon Cottage Brewery. The brewery located in an idyllic setting overlooking Cardigan Bay above New Quay, West Wales, is home to award winning bottle conditioned and cask ales, all handcrafted at the farm's micro brewery.

A big thanks to all the staff, customers and suppliers for helping us reach the 35th year milestone.
