

The easiest and most effective way to teach with technology, Vision Pro is the popular classroom management software proven to improve student performance. Vision helps educators collaborate with students in and out of class, focus attention on lessons, supervise and guide learning, assess comprehension, and improve learning outcomes.

Vision provides teachers easy to use classroom management features to simplify and leverage technology for learning in today's digital environments.

## Improve learning outcomes

In an independent study, Vision was proven to improve student performance by as much as a full grade step. Students grasp concepts more quickly, less re-teaching is required and failure rates decrease.

## Present lessons dynamically

Demonstrate directly on student computers or tablets with high-speed screen sharing technology that engages student attention, increases comprehension and improves retention of key concepts.

## Focus student attention

Eliminate distractions and put the focus on learning with a robust set of tools that help teachers supervise student computer use, guide web browsing and keep students on task.

## Differentiate instruction

Monitor student progress and provide discreet assistance with tools like chat and remote control that let teachers address different learning levels and adjust instruction based on individual needs.

## Increase classroom efficiency

Make the most of valuable instructional time with tools that start up student computers, launch applications, score tests automatically and keep the whole class learning together.

## Flip the classroom

Create web-based assessments for use in class or after school with the Learning Center - perfect for blended learning and flipped classrooms.

## Support 1:1 and BYOD programs

With demonstration, annotation and assessment features designed for student web-enabled smart devices - iPad, Android, Chromebook, and more - Vision Pro helps your 1:1 and BYOD programs succeed.

### BENEFITS

- Engage students with dynamic screen sharing demonstrations
- Supervise student computer use, monitor progress and activities
- Showcase student work to the class
- Discreetly assist students with remote control and chat tools
- Guide students to lesson related web sites and block out the rest
- Save class time by launching applications for students
- Eliminate distractions by blanking screens or kiosk applications
- Distribute files and collect documents
- Wake up or shut down student computers remotely
- Demo to any iPad, Android, or web-based student device
- Administer tests in or out of class, perfect for flipped classrooms
- Remotely login student computers
- Block distracting websites with ultimate web control

# Vision Pro Features Overview

-  **Demo\***  
Give every student a front-row seat, present lessons directly on student computers or smart devices.
-  **Showcase Student\***  
Build confidence when you let students share their work on every computer screen in class.
-  **Pointer**  
Annotate lessons in any application with more than 20 shapes and highlighters.
-  **Start Application**  
Save time by opening the correct application on every student computer simultaneously.
-  **Kiosk Applications**  
Limit students computer use to programs you open for them. Students can't exit - ideal during tests.
-  **Supervise the class\***  
Supervise the activities of the students from your PC or iPad. See a thumbnail view of the entire class.
-  **Class Wide Remote Login**  
In single sign-in environments, get all your computers logged in with a click, from your desk.
-  **Learning Center\***  
Create and administer web-based assessments for student use in class or at home - perfect for flipped classrooms.
-  **Blank Screen\***  
Focus student attention at the beginning of class or while giving directions by blanking computer screens.
-  **Lock Web\***  
Turn web browsing on or off for one student or the whole class from the teacher's computer.
-  **Filter Web**  
Easily create lists of teacher-approved web sites or blocked sites right from your browser to guide student Internet use.
-  **Live View\***  
See any student screen in real time via a high-quality, larger window.
-  **Remote Control**  
Take command of any classroom computer and remotely assist students for personalised instruction.
-  **Shut down and wake-up\***  
Shut down, start or restart any or all classroom computers from the teacher's station.
-  **Manage from your iPad**  
Unchain yourself from your desk and manage your classroom from your iPad with Vision Mobile.

Vision Pro offers the full feature set for classrooms running on Windows platforms.  
\*Mac feature set

System Requirements Available Online: [www.netop.com/vision/tech-specs](http://www.netop.com/vision/tech-specs)

*"Vision is a tool that makes it possible to take on the role of a coach in the classroom. I can assist those students who need help, focus the attention of the students on my instructions and show individual work to the whole class."*

## Demo

Share the teacher's screen with an individual student, a group or the entire class.

## Resource Lists

Keep students focused by guiding students to teacher-approved websites.

## Live View

See any student screen in real time via a high-quality, larger window.

*"Vision Pro is a very powerful behaviour management tool. It is a great product that provides real solutions to improve teaching in ICT suites"*

GISELLE HOBBS – STOCKWOOD PARK ACADEMY, UK

*"As I used the Vision software to demonstrate techniques in my classroom, I was amazed at how engaged my students became with the content... My students were able to master the material more quickly and the pace of instruction increased because I was spending less time repeating my instructional delivery."*

SARAH SULLENBERGER - DERRY AREA MIDDLE SCHOOL, PA

# Learning Center: Online Learning and Assessment System

## Put lessons online and create interactive quizzes

The Learning Center in Vision Pro is a cloud-based tool that supports your blended learning initiatives. Teachers can create assessments anywhere, run quizzes during class time, or assign tests outside of the classroom - perfect for flipped classrooms. Provides automatic scoring, and compiles results data in easy-to-use reports.

**FREE** Included with Vision Pro
