Snagit is a premium screen capture and screen recording tool that allows a team to work faster, communicate more effectively, and share what can't be put into words.

Use Snagit All Day, Everyday

Make Snagit Yours

- Customize capture settings on the fly and automate routine capture tasks.
- Capture tall, wide, or infinitely scrolling content with Snagit's innovative Panoramic Capture.
- Create and share sets of custom callouts, arrows, and shapes with your brand fonts and colors.
- Quickly share your media with anyone, anywhere.

Communicate Clearly

- Leave no doubt with your message by using callouts and the step tool.
- Create an animated GIF when a static image isn't enough but a video feels like too much.
- Connect with viewers on a more personal level with webcam recording.
- Serve multiple audiences in multiple languages when you export your text annotations for translation.
