# Adobe Captivate (2017 release)

Intelligent by design. Efficient by nature.

*Now you can opt for an annual subscription of Adobe Captivate at \$29.99/month.*

The 2017 release of Adobe Captivate lets you be smart from the start and productive to the end. Leap ahead with a smart eLearning platform that does the heavy lifting of creating responsive eLearning content. Reduce authoring time with all-new Fluid Boxes that use white space optimally to align objects automatically. Transform\* legacy Adobe Captivate non-mobile courses into fully responsive mLearning content. Deliver great interactive learning experiences with 75,000+ free eLearning assets, eye-catching quizzes, and Adobe Typekit integration.

## **Smart-up — Rapid eLearning**

Do it all with just one tool — from mobile learning to application simulations, from HD product demos to assessment modules, create fully responsive courses in a jiffy.

## **Smart-play — Deliver responsive mLearning**

Enhance productivity with new Fluid Boxes, and deliver fully responsive mobile learning content without programming from scratch or by transforming\* legacy Adobe Captivate non-mobile content.

## **Smart-ahead — Advanced eLearning**

Write your own scripts, and develop complex eLearning workflows. Customize outcomes by configuring conditional logic.

## **Out-smart — Invest in the best**

Do as 80% of the Fortune 500 have — maximize team productivity and reduce total cost of ownership with the award-winning authoring tool from Adobe. Get help on demand from our buzzing community.

## **Top reasons to buy Adobe Captivate**

**Smart eLearning**—Embrace an intelligent authoring platform to deliver fully responsive content more easily than ever. Transform\* legacy projects into responsive projects, and deliver great viewing experiences with Adobe Typekit integration.

**Fluid Boxes**—Explore smart eLearning with intelligent containers that use white space optimally. These containers kick in when you choose a responsive theme. Objects placed in Fluid Boxes get aligned automatically so that learners get a fully responsive experience regardless of their device or browser.

**Multiscreen responsive eLearning authoring**—Author as you always have—content automatically rearranges itself for the learner's device. Use the in-product, device-specific preview to see how your project will appear. Publish as a single project, and deliver a fully responsive experience to learners.

**Auto-migrate from non-mobile to mobile**—Join the mobile age by transforming\* legacy Adobe Captivate desktop-only courses into fully responsive modules. Bring in existing Adobe Captivate projects and save them as responsive projects.

**Adobe Typekit integration**—Deliver consistent typography across devices and ensure learners view the content exactly as you intended. Create a cloud-based kit of selected Typekit font families to use in your courses.

## System requirements

The 2017 release of Adobe Captivate is available in the following languages:

- English
- French
- German
- Japanese
- Korean
- Portuguese (Brazilian)
- Spanish
