

# MindManager®

## What's New in MindManager 2020

### Work faster. Work better. Work connected.

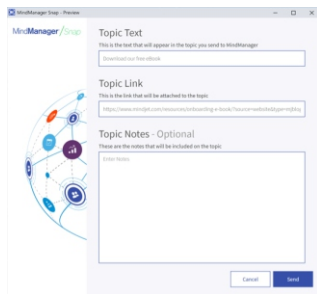

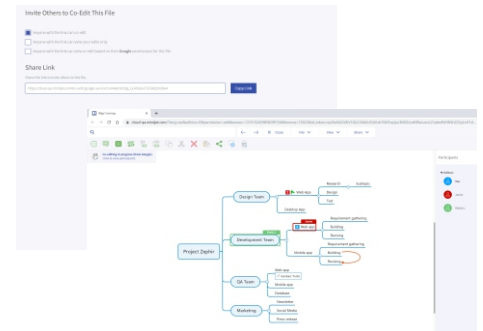

Connect everything that matters to your work, from anywhere it is, to everywhere you are ... so you can get to where you want to be.

#### Co-Editing

Invite people to work together in maps in real time.

- Actively collaborate with others on MindManager maps in a secure cloud-based session
- Facilitate dynamic planning sessions, knowledge sharing, brainstorming and more within MindManager's flexible virtual environment
- Invited participants do not need a MindManager license to join a Co-editing session

Available as an **add-on service** for single and Enterprise users

#### MindManager Snap Capture Tool

Capture map-worthy content in seconds when you're away from MindManager.

- Capture images, links, and text notes through your desktop, Chrome browser or mobile device
- Expand, enrich and improve your maps in exciting new ways
- Snapped content stays safe and secure in a cloud-based queue until you're ready to add it to your map

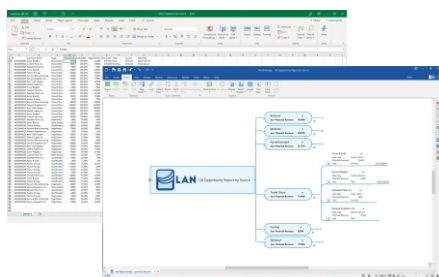

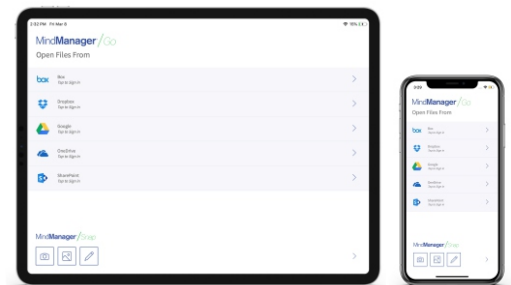

MindManager Snap Chrome extension available in the Chrome Web Store  
Capture via mobile device requires the MindManager Go mobile app

#### MindManager Go Mobile Viewer App

Review, show, discuss and even capture content for your maps anywhere and anytime you want to.

- View and navigate MindManager maps on your Android or iOS device
- Filter maps on tags, icons, priority & progress to easily focus on the information you need
- Send images and text notes to your MindManager desktop with the NEW MindManager Snap capture tool

Available for download in the Google Play and Apple App stores

#### Excel Data Mapper

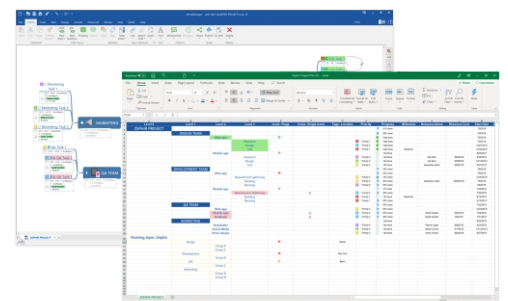

Create a map view of spreadsheet content that includes only the data you need to see, exactly the way you want to see it.

- Quickly and precisely categorize, comprehend and analyze Excel data imported into MindManager maps
- Choose file, data range and row layout, define how row/column information translates into map elements, select calculations and data properties to include, and more

#### Excel Export

Create an accurate, instantly-understandable spreadsheet view of MindManager map content.

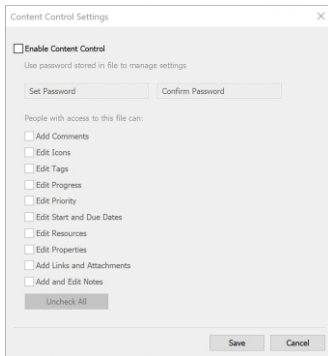

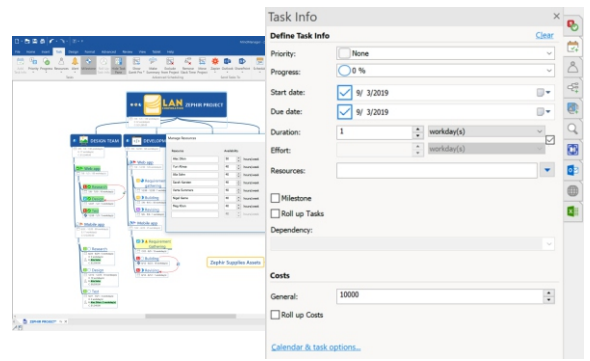

- Easily customize spreadsheet structure, organization, style and more when exporting MindManager map content to Excel
- Add icons, tags, task information, properties and more, and define content order, sheet layout and formatting

## Project Cost Tracking

Gain instant visibility into one of your project's most critical elements.

- Define and view general costs within project maps
- Tailor maps for budget-focused conversations by filtering on cost data
- Manage exceptions and ensure budget adherence by creating SmartRules that trigger when costs exceed set amounts
- MindManager Enterprise users can track resource costs, in addition to general costs

## Content Control (MindManager Enterprise exclusive)

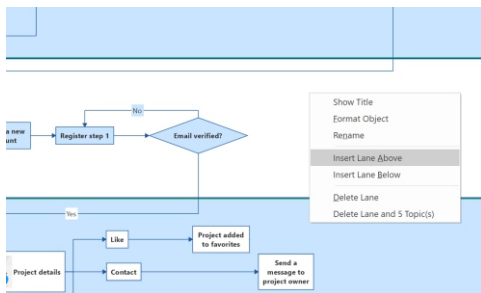

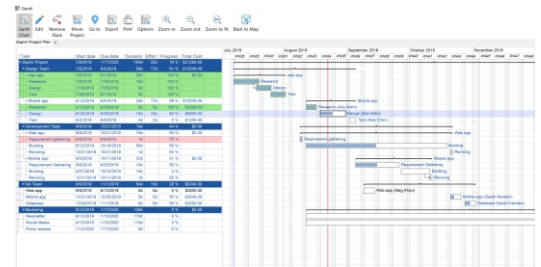

Share the responsibility of keeping project and planning maps updated, while maintaining control over what elements can be changed and who can change them.

- Control which map elements can be updated by other MindManager users
- Keep sensitive map content protected from unwanted changes and accidental errors
- Password-enablement allows map owners to extend full editing rights to select users

## ENHANCED Gantt

See and do more in Gantt charts.

- Open Gantt chart in a separate window for easier viewing and updating
- Track general project costs within the Gantt view
- View and print both grid and Gantt chart horizontally on a single page
- MindManager Enterprise users can view and track resource costs, in addition to general costs

## ENHANCED Flowcharting Tools

Quickly build visual process flows that bring shape and clarity to even highly-complex process.

- Insert new swimlanes into existing diagrams with a single click
- Keep related topics within a swimlane together when lane is moved, resized, or when new segments are inserted with the new Topic Container option
- Format individual lanes for clear visual differentiation
