

# RELIABLE, ALL-ROUND BUSINESS PERFORMER

Lenovo

The ThinkCentre M720e SFF is built for businesses. As a machine that can perform reliably and carry out even strenuous office tasks day in and out, it is the perfect companion to any office. The Think-branded desktop has a sturdy build and an industrial design that complements modern office spaces.

Powered by up to 9<sup>th</sup> Generation Intel® processors and backed up by powerful DDR4 memory, the compact, yet powerful Small Form Factor (SFF) device occupies only 7.4L of space on the table.

## ThinkCentre<sup>®</sup> M720e

**Powerful Performance:** all M720e specs point to it being a device made for performance. Up to 9<sup>th</sup> Generation Intel<sup>®</sup> Core<sup>™</sup> i7 processor, backed by a mammoth up to 32GB of memory means that this PC can easily handle office tasks, be it multitasking or creatives, with its AMD Radeon<sup>™</sup> 520 2GB graphics.

**Practical Connectivity:** connectivity is one of the most critical facets of a business desktop, and this device comes with a plethora of connectivity options. Spread out between the front and rear of the device; there are eight full-sized USB 2.0 and 3.1 ports built in. A DisplayPort, LAN, and two combo audio ports all make sure the user is never left wanting.

**Prudent Security:** security is something that is often overlooked by small and medium-sized businesses. The M720e, however, being a Think device has access to industry-leading security services offered by Lenovo. The SFF also has a built-in hardware-based dTPM 2.0 module that encrypts user data and secures sensitive information.

**Precise Build:** made of top-notch materials and components, this SFF is built to last. Ensuring it has a long service life so that business investments reap proportionate returns.

## IT Decision Makers Benefits

### Extendable

Multiple monitors are one way to boost productivity in the workplace. The ThinkCentre M720e, although small, is built to handle two monitor outputs at once without any specialized software or technical setup.

### Ready to deploy

Designed to go from box to table and straight to work, it is a desktop solution that is perfect for businesses that need a quick upgrade, or for new businesses to get started. Perfect for workspaces which need a device that can hit the ground running.

### Sustainable

Similar to all products that bear the 'Think' branding, the M720e is a machine built for the stresses of the office. The device also comes with five sustainability and eco certifications, including Energy Star<sup>®</sup>, EPEAT<sup>™</sup>, and RoHS—making sure IT investments are environmentally responsible.

### Economical

The desktop PC packs in serious performance figures in a tight package only 7.4L in volume, offering incredible space savings and reducing clutter.
