- ✓ **Call**
- ✓ **Collaborate**

# Why Adopt Sustainable Modern Hybrid Meeting Spaces?

**Efficiency**

**Collaboration**

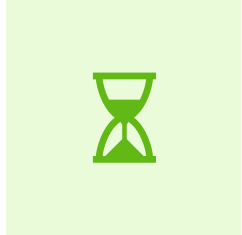

**Sustainability**

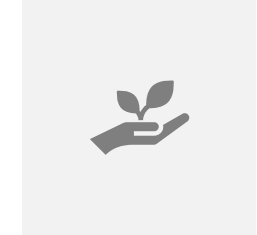

**Flexibility**

# Efficiency benefits

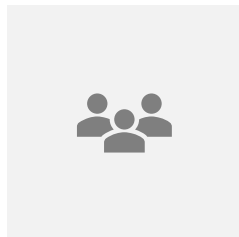

- ✓ Join meetings effortlessly within seconds using a one-touch join Microsoft Teams Rooms console
- ✓ Recordings and transcriptions can be automatically produced to allow you to focus on the meeting itself
- ✓ Low maintenance once Pugh's experts have set everything up and provided training

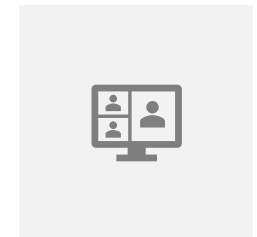

**Efficiency**

**Sustainability**

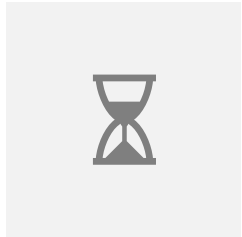

**Collaboration**

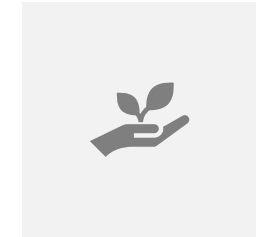

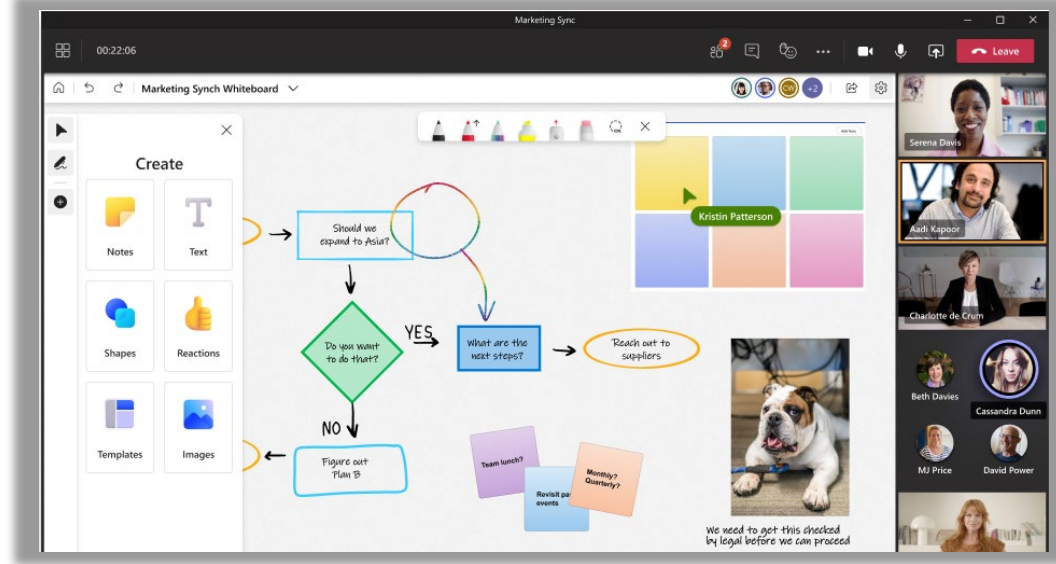

**Flexibility**

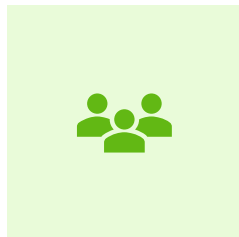

# Collaboration benefits

Efficiency

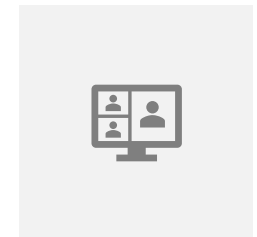

Sustainability

Collaboration

- ✓ People, groups and communities connecting and engaging with each other from across the UK and even the world
- ✓ Interactive screens enabling real-time collaboration no matter where participants are based
- ✓ Share files and co-author documents easily, all in one easy-to-track place

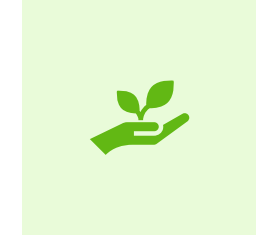

Flexibility

# Sustainability benefits

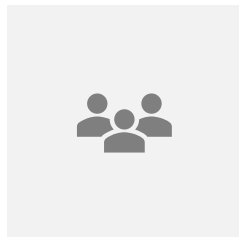

- ✓ Substantially reducing your carbon footprint with less need for travel
- ✓ Taking advantage of Microsoft's cloud technologies for even greater environmental benefits
- ✓ Future proofing your investments with the very latest, innovative technology

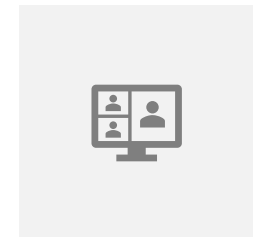

Efficiency

Sustainability

Collaboration

Flexibility

# Flexibility benefits

**Efficiency**

**Sustainability**

**Collaboration**

- ✓ **Staff and volunteers can work from anywhere, promoting a healthy work/life balance**
- ✓ **Options to turn any space into a sustainable modern hybrid meeting space, regardless of size and shape**
- ✓ **Provides a more inclusive and accessible environment for meetings, gatherings and community events**

**Flexibility**

# **How do we build sustainable modern hybrid meeting spaces?**

**Let's take a look...**

# Yealink Teams-Certified Devices
